

**NR 445 TECHNICAL ADVISORY GROUP MEETING 5**  
**JUNE 22, 2000 9:30 AM**  
**WEPCO AUDITORIUM**  
**231 West Michigan Street, Milwaukee**

**9:30 Welcome/Introductions/Agenda Review**

- Review Meeting Notes
- Review Agenda

**9:45 Follow-up from Meeting 4**

*Note: Follow-up to the proposal for a second level of screening for non-carcinogenic compounds will be presented at the August 3, 2000 meeting.*

- Analysis of Setting Table 3 Threshold Levels at 10<sup>-5</sup> vs. 10<sup>-6</sup> Risk Level
  - Andy Stewart, DNR Air Management Engineer

*Purpose: To present and discuss impact on emission levels of setting the threshold level at 10<sup>-5</sup> vs. 10<sup>-6</sup> risk level*

*Materials: Charts and tables comparing number of sources impacted by each threshold*

- Proposal for Compliance Option for Table 3 Compounds

- Jeff Myers, DNR Air Management Toxicologist

*Purpose: To share feedback received from TAG members on the issue of Table 3 compounds with no unit risk factors; to present and get feedback on a proposal for this issue.*

- Proposal for NR 438 Listing of Chemicals with TLVs>99 ppm and Great Lakes Chemicals

- Andy Stewart, DNR Air Management Engineer

*Purpose: To discuss and get feedback on a revised proposal which includes facility-wide emissions reporting, no impact on emission fees, and replacing the term "toxic" on the reporting forms.*

**10:45 Report from Public Health Sub-Group**

- Dan Daggett, DHFS Toxicologist

**12:00 Lunch**

**1:00 Progress Report on Rule Revision**

- Caroline Garber, DNR Environmental Studies Section Chief

*Purpose: To present synopsis of decisions made and pending, and present partial listing of issues to be addressed in next phase of rule revision development*

*Materials:*

- Status report on NR 445 rule revisions
- Initial list of ideas to streamline implementation of NR 445

**1:30 Proposal for a Compliance Schedule**

- Andy Stewart, DNR Air Management Engineer

*Purpose: To present and discuss a straw proposal (preliminary thoughts) for a compliance schedule for NR 445 and NR 438 revisions, including integration with permit and inventory processes*

*Materials: Proposal for implementation of revised standards*

**3:00 Establishment of a Sub-Group on Alternative Compliance Options**

- Caroline Garber, DNR Environmental Studies Section Chief

*Purpose: To review charge to sub-group and solicit participants*

*Materials: Draft Charge to Sub-group on Alternative Compliance Options*

**3:20 Next Meetings/Follow-up Assignments for TAG members/Other Business**

- Next meetings

August 3, 2000 – Oshkosh

September 14, 2000 – Madison (Room 027, DNR)

**3:30 Adjourn**
